About the Program

The Macroeconomic Policy Program (MEP) is a professionally oriented program designed to train modern macroeconomic policy makers and professionals who need to understand macroeconomic fluctuations and the roles of monetary and fiscal policies in domestic and global economies. The program aims to enhance the capacity of governments to formulate and implement financial and economic policies in a manner that leads to quality growth. The curriculum deals with macroeconomic and structural aspects, including policies aimed at establishing sound macroeconomic fundamentals, liberalized trade, a robust financial system, and a vast private sector. Ample attention is also given to a broader range of issues, such as roles for government, institution building, the environment and sustainable development.

MEP is a new program developed from the successful tradition of the Transition Economy Program, which has been a partner of the Japan-IMF Scholarship Program for Asia (JISPA) since the inception of JISPA in 1993.

Target Group

The program is primarily aimed at government officials and professionals who are involved in designing and implementing macroeconomic policies.

Program Design

Both one-year and two-year programs are offered. One year Program requires 34 credits for graduation and grants a Master of Public Policy or a Master of Public Economics; Two year Program requires 44 credits and grants a Master of Arts in Public Economics. Qualified candidates who have flexible working schedules, are willing to devote more time to thesis writing, and have a desire to develop more advanced analytical skills may consider the Two year Program.

The coursework consists of required courses, recommended courses, and elective courses. The required courses, which include Macroeconomics, Microeconomics, and Econometrics, provide solid training in principles and theories of economics and develop practical analytical skills for designing and evaluating macroeconomic policies. The variety of recommended and elective courses gives students the chance to further advance their analytical and quantitative skills as well as to develop their specialization in specific areas of interests, such as monetary policy, fiscal policy, international trade, and financial markets.

The writing of policy papers (One year Program) / theses (Two year Program) will be closely supervised by experienced core faculty members through seminar courses.

3 Alumni

One of the greatest resources and joys of studying at GRIPS is the diversity of the student community. The connections you make at GRIPS are a valuable part of your degree. The GRIPS Alumni Network will ensure they are lifetime bonds by keeping you in touch with fellow alumni and the school. As a GRIPS graduate, you will join an impressive network of around 4,000 alumni who are actively shaping policies in more than 100 countries around the world. We offer a variety of ways to remain engaged with GRIPS and strengthen your ties with fellow alumni around the globe. These include alumni reunions, seminars, a searchable alumni directory and online networking opportunities utilizing social media such as Facebook and LinkedIn.

Voices of the Alumni

Binh Nguyen Dang (Vietnam, '05)

Current Position: Director General, Secretary to the Chief of The Office
Affiliation: Office of the Party Central Committee

Studying at GRIPS was a wonderful time for me. I got a lot of valuable knowledge and lessons from it and also have had an interesting and useful experience to apply all this to my present life and work. The lecturers and staff at GRIPS were very kind, enthusiastic and helpful to us. GRIPS is also an ideal place to meet and become friends with people from many countries in the world. I am grateful to GRIPS and IMF for giving me a solid foundation to readily and self-confidently overcome new challenges in my work and to have a more beautiful and meaningful life.

Oleg Smolyakov (Kazakhstan '05)

Current Position: Deputy Governor
Affiliation: National Bank of Kazakhstan

After four years in the National Bank of Kazakhstan I felt that to become more proficient and competitive there was a need to pursue further graduate studies in a recognized, balanced master's program of high standards. GRIPS allowed me to match my personal ambitions with program sophistication. This multifaceted program at GRIPS, with its outstanding lecturers, provides an excellent experience and is a great starting point for those aiming to become leaders in public policy making.

Pradip Bhowmick (India '11)

Current Position: Assistant General Manager - HRD
Affiliation: Securities and Exchange Board of India

My study at GRIPS and for that matter in Japan has been a great learning experience. Apart from the in-class studies, the close interaction with students from across the globe has helped me to have a much broader view about the global issues as well as issues being faced by individual countries. With a student body from more than 50 countries across the globe, GRIPS is truly a global gateway. Moreover, a lot can also be learned from the rich culture and customs of the Japanese society.

Oranee Thanakitleelacharoen (Thailand '08)

Current Position: Senior Examiner - ICAAP Examination Development Division, Risk Management and Information System Examination Department, Supervision Group
Affiliation: The Bank of Thailand

I spent one year at GRIPS and soon realized that I made the right decision to study here. GRIPS provides excellent education, nice accommodation, friendly staff and good facilities for students. You will not only gain advanced academic knowledge and valuable experiences from well-known and good academic background professors at GRIPS, but you will also be able to build firm friendships with scholars from around the world which could last a lifetime. And you will be able to fully experience life in Japan and its rich culture through the many activities organized by GRIPS. Most importantly, you will be encouraged to be a dedicated researcher and learn to apply your knowledge to your current career in the most efficient way. That's why I recommend you to choose GRIPS!

About GRIPS

GRIPS is a graduate school specializing in education and research for policy studies. It is located in Roppongi, one of the trendiest cultural and international districts in the heart of Tokyo. Established in 1997 by the Japanese government, GRIPS aims to produce first-class policy makers and conduct cutting-edge research in policy studies. Our slogan is, "Gateway to Global Leadership." Economics, Political Science, International Relations, Public Administration, Operations Research and Social Engineering comprise the major academic disciplines of the university.

The predecessor of GRIPS was the Graduate School of Policy Sciences established in 1977 at Saitama University. It was the first graduate school for policy studies in Japan.

GRIPS is one of the most open and internationalized graduate schools in Japan. There are more than 260 foreign students from 63 countries currently studying at GRIPS. International students comprise 66% of the student population. Most GRIPS students are professionals from central and local governments. The working and teaching language for the Macroeconomic Policy Program is English.

GRIPS has been a partner of the Japan-IMF Scholarship Program for Asia (JISPA) since the program's beginnings in 1993. In addition GRIPS has been entrusted by the Japanese government and international organizations such as the World Bank, World Customs Organization, and Asian Development Bank to train mid-career bureaucrats from emerging and developing countries.

Faculty

The MEP is supported by full-time faculty and visiting lecturers. About 20 full-time faculty members serve as the core faculty of the program. The core faculty includes not only Japanese professors, but also international scholars. Faculty at GRIPS include both members with solid academic training and outstanding publication records, as well as practitioners with extensive experience in civil service and public policy management. All are committed to educating a new generation of policy makers and have rich experience in teaching and thesis supervision. The expertise of GRIPS faculty in economics has been recognized globally. According to the economic institution rankings in RePEc, GRIPS ranks second in Japan (as of September 2017).

For more on our faculty members, please see <http://www.grips.ac.jp/en/about/directory/>

GRIPS at a glance

Brief History of GRIPS

- 1977** Graduate School of Policy Science (GSPS) established at Saitama University; the predecessor of GRIPS
- 1997** National Graduate Institute for Policy Studies (GRIPS) established
- 1999** Relocated to Wakamatsu-cho campus in Tokyo (Shinjuku)
- 2005** Relocated to current campus in Roppongi

One unique aspect of GRIPS is our extensive support system for assisting students in their daily living. We consider this aspect of your lives to be every bit as important as your academic life, especially for foreign scholars unfamiliar with Japan. As international students have comprised, on average, about 60% of the GRIPS student body over the last 10 years, we have developed comprehensive services to assist students in their day-to-day living.

The Student Office organizes orientation programs for incoming students and assists arriving international students in getting organized and settled in Japan. It also organizes a number of social events and activities, including field trips and Japanese cultural experiences. The Student Office also functions as a hub to promote meaningful interaction and understanding between Japanese and foreign nationals.

Accommodation

Accommodation is provided in the Tokyo International Exchange Center (TIEC), operated by the Japan Student Services Organization (JASSO), in GRIPS International House, or in private apartments recommended by the GRIPS Student Office.
